About Marcus

Working as a tv cameraman since 27 years and lived in Munich, Germany for 21 of them.

Fascinated with flying since a young age and started a gliding license at 16. For 2 years flew an r/c heli with a view to using it for aerial imagery when drones became readily available. Since then the first drone was purchased.

The operational (flying) permission is renewed yearly and all checks, procedures, maintenance & insurance are in accordance with CAA regulations.

Please feel free to get in touch anytime to discuss possibilities or a quote.
